

CGWE GLASS & BATHROOM CLEANER

- superior bowl shine
- removes rust marks
- removes malodours
- suitable for urinals
- cleans pipes

PRODUCT INFORMATION

Toilet Bowl & Urinal Cleaner is for fast results, extremely effective – one of the strongest toilet cleaners around.

BEST SUITABLE FOR: Toilet bowls and Urinals.

SURFACES: Porcelain, stainless steel (when wet) tiles and ceramics

ENVIRONMENTAL : Bio-degradable, septic safe

Features

- Sanitiser, germicide, disinfectant and deodoriser
- Has a pH of 7 which makes it a fantastic cleaner for the use on marble and natural stone surfaces
- Formulated to control mould by inhibiting mould spores from growing and spreading
- Removes body fat, Soap scum, oils and creams from all surfaces in bathroom areas
- Will not attack your grout unlike strong acid-based cleaners creating costly repairs
- non-flammable, non-corrosive and non-abrasive formula

APPLICATIONS & DIRECTIONS FOR USE

FOR TOILETS AND URINALS: Always flush or add water to the surface before adding Bowl Clean. Do not dilute for the first clean. The concentration provided is for extreme cleans and best results. The amount you use will determine the result. Clean toilets require only small amounts approximately ½ a cup for maintenance. Scrub with a nylon brush starting from the bottom or trough and work your way up. This reduces the chances of runnels (etch marks) being left on stainless steel or tiles. Always rinse off thoroughly.

DIRECTIONS FOR USE ARE TO: Flush the toilet, Squirt BOWL CLEAN under the rim and on the wall of the bowl, swab the solution around the bowl, along the edge and under the rim. Flush the toilet.

Clean Cement and grout: Test area for results first as dilution may be necessary. Wash off with plenty of water.

Important : Do Not Mist – best when poured as it reduces fumes.

IMPORTANT

1. Avoid contact with eyes as can cause irritation and avoid prolonged contact with skin. Wash hands directly after use. If this product accidentally gets into eyes, rinse cautiously with water for several minutes. Remove contact lenses if present. If eye irritation persists or is accidentally swallowed please seek medical advice.
2. Always pre-test in an inconspicuous area to ensure suitability before using any product.
3. Do not mix with any other chemicals.

CGWE Toilet & Urinal cleaner doesn't just clean the obvious visual points of a toilet. Tests have proven Bowl Clean is effective at removing scale and deposits throughout the length of the plumbing, reducing blockages whilst destroying bacteria and mal odours.
